

**LD-101P**  
Firefly light  
Laser, Waterproof

- Imitate the glow effect from firefly
- Multiple & flexible control modes
- Support all day use
- Professional for the cultural tourism market, theme park, night view of distinctive town, live-action performance, bridge piers etc

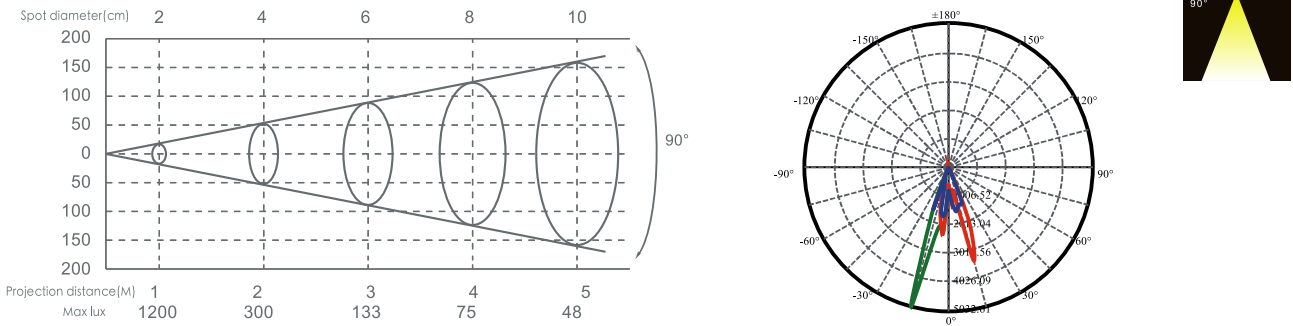

Housing color can be customized 

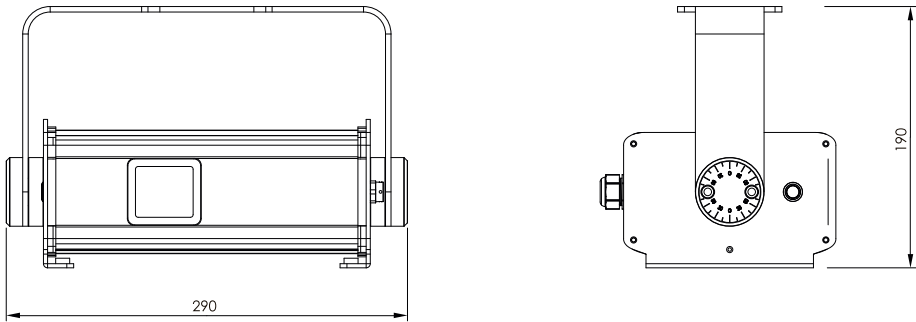

**LD-101P** Parameter

Light source	White Laser Light Source	Color	White light firefly effect
CCT	7500k	Effects Plate	Display different firefly effects by Specular reflection
Lumen	120lm	Dimension	290x190x155mm
Beam angle	90°	N.W.	3.15KG
Input voltage	AC100-240V, 50-60Hz	Housing material	Aluminum
Power	13W	Housing color	Cemert grey / Black
Drive current	1.03A	Power cable	3pin M19 rubber power cable
Dimming	16Bit	Electrical safety class	I
Cooling	Natural heat dissipation	EMC	EMC, EMI
Control protocol	Manual control	Permitted Ambient Temperature	-20~+45°C
Program modes	3 Modes switchable	IP Grade	IP65
Function	Each effects can rotated and fluttered
