

FX-300P

Four-way blinder  
IP65

- A professional light weight four-way blinder for indoor and outdoor use
- 1800k-5000k color temperature adjustable, at the same time, it can present RGB backlight effect
- 16bit dimming way
- DMX512 protocol and RDM function
- This fixture can be widely used in stage performance, live show, TV station and other places

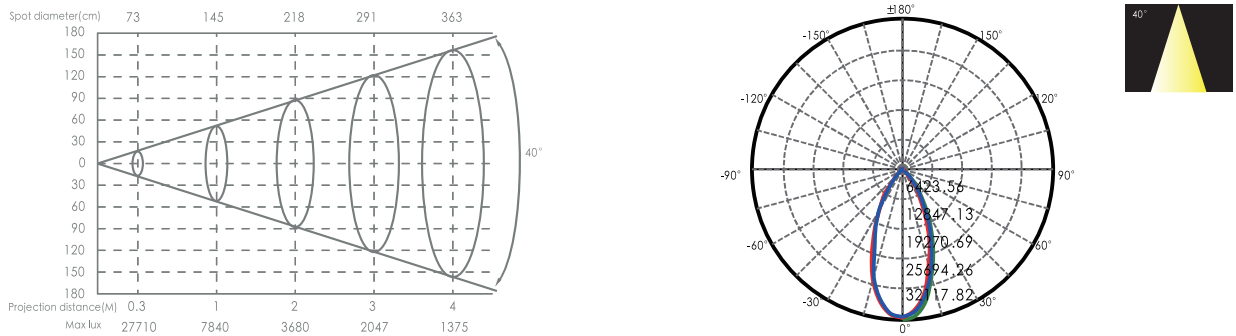

Housing color

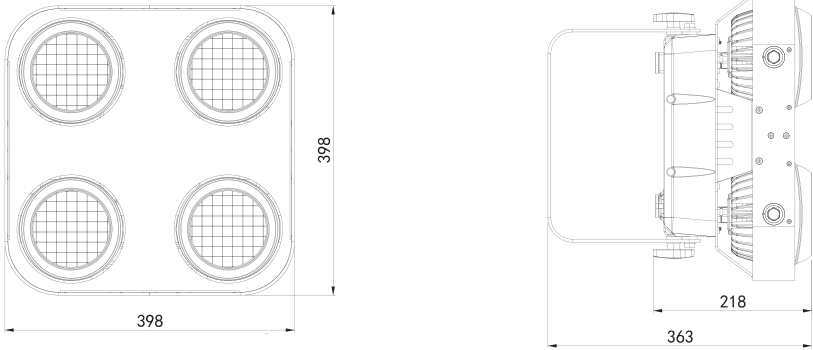

FX-300P Parameter

LED	4x90W customized 2 in 1 LEDs A/W/W	Function	Auto Run program,Auto Run effect,RGB backlight
CCT	Amber:1800k Warm white:3000k	Dimensions	398x398x363mm
Lumen	20989lm	N.W.	11Kg
Beam angle	40°	Housing material	Die casting Magnesium+Aluminum Plate
Input voltage	AC100~240V,50-60Hz	Housing color	Black
Power	390W	Power cable	Input/output Seetronic waterproof power socket
Drive current	2.8A	DMX cable	Input/output Seetronic waterproof signal socket
Dimming	16Bit	Electrical safety class	I
Cooling	Die casting Magnesium + Fan cooling	EMC	EMC、EMI
Control protocol	DMX512(RDM)	Permitted Ambient Temperature	-20℃~45℃
DMX channel	7CH、9CH、20CH、23CH、27CH	IP Grade	IP65
